

Pneu Green

HEALTHIER PLANT AIR

RELEASE DATE: **IMMEDIATE**

A NEW LUBRICANT SAFER FOR WORKERS HEALTH

Pneu Green goes through a carefully controlled seven-stage process, which removes virtually all of the undesired polar and aromatic compounds. This patented process makes **Pneu Green** the only "VIRTUALLY NON TOXIC" pneumatic lubricant in the North American Industry.

Pneu Green is ideal for air tools, air valves, air cylinders and logic control systems. Large industrial plants are most concerned about worker health related issues, and **Pneu Green** addresses those issues.

Pneu Green offers the following plus factors:

- Improved lubricity
- Higher misting activity
- Outstanding oxidation resistance
- Excellent water separation
- Lower pour points
- Very low aromatic levels
- 99.5% pure
- Minimizes operator health hazards
